EVS

“Plant the Seeds of Navratri – Grow a Gift for Nature!”

During Navratri, **jaw (barley) seeds** are traditionally sown in a pot, and the young green shoots are called *jawara* or *jaware* in many regions. They symbolise growth, prosperity and new life.

🌾 Your Green Mission

1. Take a small pot or container and fill it with soil.
2. Sprinkle barley (*jaw*) seeds over the soil and cover them lightly.
3. Water gently and place the pot in a suitable spot with light.
4. Observe the seeds every day for 4-5 days.
