Durga Puja Assignment

English

Create a 60–90 second reel documenting your visit to a Durga Puja pandal. Include:

- Pandal name, location and theme.
- Unique idol features, decorations and lighting.
- One interesting ritual and its significance.
- One surprising detail you observed.
- A concluding message about the festival's cultural importance.

Challenge: Use your own voice for narration in clear English. Make it informative, original and engaging.

Guidelines for reel:
1. Record original footage wherever possible.
2. **Obtain parental permission and avoid filming strangers without consent**.
3. Do not obstruct rituals or public movement while recording.
4. **Use respectful language and appropriate music**.
5. Submit the reel through the teacher-approved method. If video submission is not possible, submit a storyboard with narration.

Assessment: Observation, factual accuracy, English speaking, creativity and originality.

Physics

1. Make a model of any ancient time measuring device like **Sundial, Water clock, Hourglass, Candel clock**, etc.

Chemistry

Case Study 1: Making the Durga Puja Pandal

During Durga Puja, artisans use bamboo, wooden planks, cloth and colourful paper to build a beautiful pandal. They cut the bamboo into smaller pieces and fold the paper to make decorative flowers. Later, some workers burn dry wood to prepare food for the volunteers.

Answer the following questions:

1. Identify one physical change that occurs when bamboo is cut into smaller pieces.
2. Is folding paper to make decorative flowers a physical or chemical change? Give a reason.
3. What type of change occurs when wood burns?
4. State one difference between the changes involved in cutting bamboo and burning wood.

Case Study 2: Preparing Bhog for Durga Puja

On Maha Ashtami, volunteers prepare bhog for devotees. They wash rice, cut vegetables, mix spices and boil the ingredients in a large pot. After cooking, the raw ingredients turn into delicious khichuri. Some volunteers also melt jaggery to prepare sweets.

Answer the following questions:

1. Identify one physical change that occurs while preparing the vegetables.
2. Is cooking khichuri a physical or chemical change? Explain your answer.
3. What type of change occurs when jaggery melts?
4. Why is cooking khichuri generally considered an irreversible change?

Biology

(1) Nine plants are used as “NAVPATRIKA” in Durga Puja. Make their list with biological name and significance in our health.

(2) Take the picture of “NAVPATRIKA” near about your Durga puja pandal and paste it in your Biology notebook.

Social Science
